

Reclaimed Cladding – Kansas City Chiefs | Kansas City, MO

Our love for the Green Bay Packers extends to football in general so we are really digging this reclaimed wood application at Arrowhead Stadium. Working with the [Populous](#) team, Urban Evolutions supplied our skip-planed, mixed hardwood wall cladding for the Kansas City Chiefs Locker Room Club.

The boys of summer (otherwise known as our high school salvage helpers) were very proud of how meticulously they stacked the boards as they left for Kansas City. This newly renovated space is located outside the team's locker room was ready just in time for the 2017 NFL season and for our hired kiddos to return to school.
