

ENGINEERED WHITE OAK FLOORING: HUDSON

European white oak is a versatile, resilient wood that brings warmth and character to any space. Our engineered, hardwood floor has a solid sawn hardwood core and back with a 5mm wear layer.

The Hudson finish is fumed, brushed and finished with a water base and has a 4s microbevel.

FLOORING CONSIDERATIONS

CHARACTER/GRADE Mixed wood grain is present, small knots and checks come pre-filled with epoxy.

INSTALLATION Please allow an extra 10% material waste for on-site installation.

CARE Please [contact your Urban Evolutions Sales Representative](#).
