

MIXED HARDWOOD FLOORING - RECLAIMED

Reclaimed from turn-of-the-century dairy and tobacco barns throughout Wisconsin and neighboring states. The varied tones in our signature mixed hardwood flooring gives extraordinary warmth to any space. With original saw marks, knots, nail holes and character throughout, it looks beautiful in rustic surroundings while the mixed textures and colors give the floor a uniquely modern feel when used in contemporary installations.

Comprised of a variety of hardwoods, our mixed hardwoods may include red oak, white oak, elm, ash, maple, walnut and beech.

Shown here with a matte clear finish. Not available prefinished.

Class A fire treatment available.

FLOORING CONSIDERATIONS

CHARACTER/GRADE Fillable characteristics include stable or small open knots, nail and bolt holes, insect marks and pin holes, and non-structural surface checks. Natural variations in grain and color, wear patterns, textures, and, in some instances, saw marks are expected. Approximately 50% of the original surface remains, overwood of up to 1/8" can be expected.

INSTALLATION Please allow an extra 10-15% material waste for on-site installation. Prior to placing your order and installing our product, please visit urbanevolutions.com/wood-flooring-considerations for more information.

CARE Please [contact your Urban Evolutions Sales Representative](#).
