

WALNUT COMPANION VENEER PANELS

PRODUCT DATA

Species & Finishes: Our Walnut Companion Veneer Panels offered as plain sawn book matched or rift & quartered for a consistent look that pairs perfectly with our slatted wall panels. Finishes include matte clear or premium oil. Unfinished panels are available on request.

Fire Rating: All finishes are Class A Fire Rated.

Additional Options: Trim and corner pieces available for an additional charge.

Site Conditions: For most installations, we recommend a climatic temperature between 55 to 75 degrees Fahrenheit and 30% to 50% humidity level. Environments that do not meet these criteria will cause wood to experience shrinking and swelling issues that damage the product. We cannot guarantee our product's performance in such environments.

Installation: Installation materials are not included and must be purchased separately. For wall installation, we recommend using MF375 Monarch Z-Clips. For ceiling installations, we recommend using MFCEIL-H Monarch Ceiling Clips. Please reach out to the hardware manufacturer for specific project considerations.

LEED: This product may contribute toward satisfying a variety of credits under LEED. Possible credit categories include:

M&R – Material Ingredients

M&R – Sourcing of Raw Materials

IEQ – Low-Emitting Materials

PRODUCT SPECIFICATIONS
